- 1.* Background – use the selected color (hvid)
- 2.* Background – use the selec... (sort)

den næste container er lavet efter tagets bredde, så hvis du anvender et andet tag, så skal du tilpasse bredden.
(812 divideret med 2 = 406 på hver side af center)

- 3.* Positioned Container – Center -406 – Center 406 – top 0 – bottom 0
- 4.** Background – Baggrund4
- 5.** Background – baggrund2 – scroll down+right – layer with other – Transparency 90
- 6.** Frame – Ridge – 3 – color (rød)
- 7.* Positioned Image – tag – center 0 – from top 100

(Hvis du anvender et tag af en anden størrelse skal den næste container tilpasses i højden)

- 8.* Positioned Container – left 100 – size 150 – top 100 – size 522
- 9.** Background – use the selected color (sort)
- 10.** Positioned Container – center 0 – size 100 – top 0 – bottom 0
- 11.*** Background – baggrund3

Hvis du anvender andre tekster eller mønstre, skal tallene tilpasse i både tekst scollen og du skal især tilpasse clips tallene så de ikke flytter sig i forhold til placeringen på teksten.

- 12.*** Positioned scroll – tekst1 – Vertical – scoll up – fast – center – space between 200
- 13.** Background – clip1 – scroll up – fast – layer with other... - Horiz. Spacing 200 – Vertic. Spacing 599 – Vertic. Start 375
- 14.** Background – clip1 – scroll up – fast – layer with other... - Horiz. Spacing 200 – Vertic. Spacing 599 – Vertic. Start 150
- 15.** Background – clip1 – scroll up – fast – layer with other... - Horiz. Spacing 200 – Vertic. Spacing 599 – Vertic. Start 10
- 16.** Positioned Container – Center 0 – size 100 – top 0 – bottom 0
- 17.*** Frame – Ridge – 3 – rød

(du kan nu med held Copy-paste containeren fra punkt 8)

- 17.* Positioned Container – right 100 – size 150 – top 100 – size 522
- 18.** Background – use the selected color (sort)
- 19.** Positioned Container – center 0 – size 100 – top 0 – bottom 0
- 20.*** Background – baggrund3
- 21.*** Positioned scroll – tekst1-mirror – Vertical – scoll up – fast – center – space between 200
- 22.** Background – clip1-mirror – scroll up – fast – layer with other... - Horiz. Spacing 200 – Horiz. Start 83 - Vertic. Spacing 599 – Vertic. Start 375

23.** Background – clip1-mirror – scroll up – fast – layer with other... - Horiz. Spacing 200 – Horiz. Start 83 - Vertic. Spacing 599 – Vertic. Start 150

24.** Background – clip1-mirror – scroll up – fast – layer with other... - Horiz. Spacing 200 – Horiz. Start 83 - Vertic. Spacing 599 – Vertic. Start 10

25.**Positioned Container – Center 0 – size 100 – top 0 – bottom 0

26.*** Frame – Ridge – 3 – rød

27.* Frame – Ridge – 3 – rød

28.* Positioned Container – Center 0 – size 612 – top 710 – bottom 100

29.** Background – use the selected color – sort

30.* Message area – left 350 – right 350 – top 730 – bottom 130

31.* Ticker – husk kredit...

32.* sound

33.* option
